

Pay With Winnings Process at the Lottery Ticket Vending Machine – June 30

Customers can redeem winning tickets towards payment of their purchase, along with Free Plays, and Paper Coupons (**Date TBC**) . All winnings must be used when selecting this option at Check Out. For example, if winnings are \$10, then all \$10 must be used to pay for new tickets.

Notes:

- Tickets can first be scanned to check if they are winners.
- Players add products to their cart
- Winning tickets can be scanned and added to cart as credits towards purchase. Credit cannot exceed cart total.

Redeeming Free Plays and Coupons on the Lottery Ticket Vending Machine

Redeeming Free Plays

- Scan the ticket, select Yes to Redeem then the Free Play automatically prints.
- Up to five free plays can be printed on a product that has free play prizes. Anything above 5 free plays must be redeemed at a lottery terminal.

Redeeming Paper Coupons

- Only paper coupons can be redeemed on the Lottery Vending Machine.
- Scan the coupon.
- For **draw game free play coupons**, once the coupon is scanned the ticket automatically prints.
- For an **INSTANT free play coupon**, once the coupon is scanned, the credit for the coupon is added to the cart. The player can then select an INSTANT product of the same value or more. If they select a product of higher value than the coupon, they can pay for the additional cost with a credit or debit card.

Note: Free Plays for Watch 'N Win games cannot be redeemed on the Lottery Vending Machine.
